Longford Local Community Development Committee	Enhancement Plan for Mastertech Business Park	Analysis & Development and Capital Expenditure
Ballymahon Enterprise Group	Feasibility Study to explore scope for an enterprise hub	Analysis & Development
Rathcline Sustainable Projects Group	To engage a consultant to illustrate the scale and complexity of the change that is needed in Co. Longford, in order to shift to a sustainable emissions trajectory. The project is primarily intended to stimulate dialogue and enhance the mutual understanding of the issues within County Longford. The consultant engaged must then devise a Renewable Energy Strategy for Co. Longford. The key objective of the strategy should be to develop a planning framework to support and underpin the core strategic policies and objectives of the National Policy Position on Climatic Action and Low Carbon Development 2014 and the Climatic Action and Low Carbon Development Act 2015.	Rural Environment; Renewable Energy
T&M McCormack & Co Ltd	The Batching Plant was part of a vibrant Block Factory run from the 1950's to the 1980's and was a major source of employment to the area. The commercial yard currently hosts a Haulage, Warehouse & Distribution Business in existence since 1979 and on this site since 2009. The proposal is to regenerate the old derelict Batching Plant to develop and grow existing business. T&M McCormack already operate two warehouses on the site in a similar manner and hope to grow its customer base through further warehouse storage.	Economic Development; Enterprise Development
County Longford Tourism Ltd	Market Research on Tourism in Co. Longford and Longford Tourism Website Development	Economic Development; Rural Tourism
