Press release dated 26th February 2021

Ministers Humphreys, McGrath and O'Brien announce €10 million in COVID Stability funding for community and voluntary groups

From [Department of Rural and Community Development](#)

Funding targeted at organisations which have suffered due to Pandemic

A €10 million fund is to be established to assist community and voluntary organisations, charities and social enterprises, which have suffered as a result of the COVID-19 Pandemic.

The funding was jointly announced by Minister for Rural and Community Development, Heather Humphreys TD, Minister for Public Expenditure and Reform, Michael McGrath TD, and Minister of State with special responsibility for Charities and Community Development, Joe O'Brien TD.

The €10m investment builds on the €45 million COVID-19 Stability Fund which, in 2020, supported over 600 organisations to continue delivering vital services to the most vulnerable in our communities.

The new funding, agreed as part of the Government's Resilience and Recovery Plan, is targeted at organisations that have seen their trading and/or fundraising income drop significantly as a result of the Pandemic.

The funding will be administered by Pobal on behalf of the Department of Rural and Community Development.

The Government is aware of the challenges facing community and voluntary organisations and is committed to working closely with the sector in managing through these, recognising that it will require a whole of Government approach.

In 2020, the Department of Rural and Community Development, working with colleagues in the Department of Health and the Department of Children, Equality, Disability, Integration and Youth, provided support through the €45m COVID 19 Stability Fund for organisations in the Community and Voluntary Sector, Charities and Social Enterprises.

The Fund was intended to be a targeted once-off cash injection for organisations and groups delivering critical front-line services to the most at need in our society and in danger of imminent closure due to lost fund-raised or traded income as we dealt with the sudden introduction of social restrictions to counter the spread of COVID-19. This Fund was in conjunction with many other Government supports. This fund provided up to €45million of funding through the Dormant Accounts Fund (DAF) and the criteria aligned with DAF objectives to support:

1. The personal and social development of persons who are economically or socially disadvantaged; or
2. The educational development of persons who are educationally disadvantaged; or
3. Persons with a disability.

1,060 applications were received during the application periods. Funding of over €43m, including the additional €10M in funding announced during Budget 2021, has been approved to over 600 organisations to date and the payment processes for this funding remain ongoing.

The announcement details an additional €10M allocated to the Stability Fund as part of the Covid-19 Resilience and Recovery 2021 plan announced by the Taoiseach on Tuesday 23rd February. Further details on how relevant organisations can apply for this funding will be available shortly. In preparation for the application process, intending applicants should gather relevant financial information for 2019 and 2020, details of services provided including the numbers of beneficiaries, evidence of increased service demand due to the pandemic if applicable, and details of public funding received in 2020 and applied for in 2021. Each applicant organisation will be required to hold a registered company number or registered charity number in order to be considered.

Further details of the online application process will be made available in due course.

This new funding is being provided in addition to more than €51 million in funding, announced last November, for the Dormant Accounts Action Plan 2021, which allocated funding for 46 separate measures to be delivered across 10 Government Departments to benefit disadvantaged groups.

New Podcast from Social Justice Ireland

Delivering Deliberative Democracy - Participation by the Public Participation Networks in Local Government Decision-making

Deliberative democracy goes beyond mere representation to give a voice to all citizens in the decision-making process. For the next few days, the focus will be on deliberative democracy and the Public Participation Networks (PPNs).

Starting with a ten minute lesson podcast that traces the development of the Public Participation Networks in 2014.

They provide a mechanism for community groups to have their say in local government decision-making. With well over 15,000 member organisations, PPNs are going from strength to strength.

Podcast - Visions for Community Wellbeing - Public Participation Networks

In 2018, the Public Participation Networks (PPNs) embarked on a large consultative project to develop Visions for Community Wellbeing across all Local Authority areas. This process saw community groups come together to develop a vision for their community for this and future generations.

In this episode of Social Justice Matters, Colette Bennett speaks to **Siobhán Cronogue of Longford PPN**, Helen Howes of County Wicklow PPN and Dr. Harriet Emerson, independent consultant, about the process of developing these Visions; their policy impact, and the potential for this process to inform the national Wellbeing Indicators.

Keep Well Campaign

The Government Plan for Living with COVID-19: Resilience and Recovery 2020-2021 highlights the important role that individual and community resilience will play in contributing to our ongoing response to COVID-19.

The campaign is focussed on five themes: Keeping Active, Staying Connected, Switching Off and being creative, Eating Well and Minding your Mood.

The Council, through the established Community Forum will co-ordinate the local response to local needs, work with Sports Ireland and deliver wellbeing programmes locally.

The Community Library network have commenced the 'Rewarding Reads' and 'Ireland Reads' initiatives and will going forward deliver other creative initiatives across the five themes of the 'Keep Well' programme.

Further details on all activities and initiatives at county level will be made available on the Council's website www.longfordcoco.ie
